Re: Availability of Documents to the Public

Dear Ramon:

This confirms our discussion today wherein you advised that the Phase I and Phase II Environmental Site Assessment, Rico, Colorado, dated March 14, 1995, and prepared by Walsh Environmental Scientists and Engineers, Inc., and the report's supporting documentation, can be made available by EPA to the public. As such, this document will be transferred to the EPA Region 8 Superfund Records Center and categorized as releasable to the public.

If this does not accurately reflect our discussion today, please notify me immediately. I can be reached at (303) 312-6916.

Sincerely,

A handwritten signature in cursive script that reads "Sheldon H. Muller".
